

9T9 10th Reunion Report

The Meds 9T9 10-year reunion was held on Saturday November 14, 2009. The day kicked off with a Continuing Medical Education event in the afternoon at MSB and featured a great line-up of speakers covering a broad range of topics: chronic kidney disease (Sofia Ahmed, Calgary), food security (Jenni Zelin, Charlottetown), medicine and media (Yoni Freedhoff, Ottawa), psoriasis and eczema (Michelle (Glieb) Levy, Toronto), rural medicine (Vamini Selvanandan, Nunavut) and physician health (Maria Theodorou, Kingston). The talks and discussion were excellent and it was clear to see that our classmates have ventured with success into many different areas, both in interest and geographic location!

The dinner event was held at the Gardiner Museum with chef Jamie Kennedy. We had a wonderful turnout with over 130 people (over 75 alumni and guests). Special thanks go out to Renee (Waterman) Hall for putting together the memorial poster for James Marois (1966-2003), Gabe Fuoco and Kathy Blight - our entertaining MC's for the evening, Neal Belluzzo and Timea Belej-Rak for putting together the blast-from-the-past slideshow, Adrian Yee and Teresa Hum for capturing the reunion events in the photos displayed on this web page and Gillian Johnston Financial for sponsoring the CME refreshments and D.J. at the dinner. Hope to see you all at the next reunion!
